

The Islandview Condos Bylaws and Pet Policy requires that pets must be approved in writing by the Association Board of Directors. The Association shall be guided by the type, size, weight and disposition of the animal.

Upon receipt of the Pet Approval Application, the Board of Directors will discuss at the next monthly Board meeting. Applicants will be notified in writing of the Board's decision as soon as possible.

Please review the Islandview Pet Policy and familiarize yourself with the rules and expectations regarding pets.
